

DO NOT MERGE

SEPARATE YOUR TRASH

Comply with the rules of the recycling road and continue on to conquer compost!

ACI CAN HELP BY PROVIDING:

- Recyclables and Organics service offered at discounted rates.
- Posters to show what goes in your Recyclables, Organics and Garbage containers.
- On-site assessments to determine a collection program that suits your unique needs.
- Advice on how to implement new programs.
- Employee training.

The signs lead to composting!

- The Alameda County Waste Management Authority made recycling mandatory on July 1, 2012.
- On July 1, 2014, the law was expanded to require participation in a composting program.
- You can reach your composting goals by contacting ACI and signing up for appropriate levels of service.
- Food scraps, food-soiled paper, waxed paper, and yard trimmings can all be composted through ACI's Organics Collection Program.
