## Help Us Provide Clean & Efficient Service

### Proper Set Out

- Be sure your carts are at the curb by 6:00 am on your collection day. Log into your account or contact us to find out when we service your area.
- Leave the carts at the curb until we've emptied them. **Our trucks may arrive at different times each week.**
- Overflow garbage will only be collected if you have affixed pre-paid tags to your trash bag. Call ACI to purchase tags or to arrange for additional service.
- Place your carts facing the street.
- Carts need to be placed with space between them so that the automated truck arm can service them properly. **If possible, try to leave 3 feet between each cart.**
- Do not place carts too close to parked cars, fire hydrants, low-hanging branches, parking meters, utility poles and other obstacles.
- Do not overload your carts. The lids should close completely.
- Do not wedge or compact materials into your carts. Doing so will prevent your cart from being fully emptied when serviced.

## ACI Provides Service on Labor Day

There are **NO** changes to the collection schedule during the week of Labor Day. Please remember to place your carts at the curb prior to 6:00 a.m. on your regular service day.
